Aug. 31: Mito de Soto at Lake City Arts lakecityarts.org

Hard Tack Mine Tours and Museum - Located just up the Henson Creek road; underground mine tours, exhibits packed with mining history and machinery and a fantastic underground gift shop with the area's largest rock and mineral collection. The tour will take you back in time to discover how hard rock miners blasted their way through the earth using only hand tools and dynamite. Admission is \$13 for adults, \$9 for children. Open every day (June to September), handicap accessible and state inspected. Bring a jacket. Group tours are available all year by appointment. 970-944-2506

Ute-Ulay Mine and Mill Complex - The Mine That Made Lake City, located 3.5 miles from Lake City. A self-guided, short walking tour on the upper portion of the site includes ten stops at historic buildings. This site demonstrates various eras of mining technology - from 1874 up to the 1980s. The bottom portion of the site remains closed to visitors.

Hinsdale County Courthouse - The oldest Courthouse that continues to function for its original purpose. A full restoration was completed in 2017. Walk through this spectacular building to see where the first Alferd Packer trial occurred, and the steps where Susan B. Anthony addressed crowds encouraging the women's right to vote.

Lake City Museum - Offers a wide variety of new and returning exhibits, including mineral displays, a Civil War display, a Transportation Building, the Smith-Grantham house and playhouse, and much more. A rare example of a combination passenger / freight car - Railroad Car 211 - was purchased by the Historical Society this year and will be relocated to the Museum yard this summer. This was one of the cars on the "Last Train out of Lake City". We are currently fundraising to restore this Lake City treasure. Open from Memorial Day through Labor Day, the museum is fun and informative for all ages. Lakecitymuseum.com

2018 August is Lake City History Month sponsors include Community Banks of Colorado, Hinsdale County Lodging Tax Board, Lake City DIRT, The Matterhorn Motel, The Sportman's Outdoors & Fly Shop, and the Town of Lake City.
